Happy Pets

Regular checkups mean your pet will see the vet practice as a safe and friendly environment, whilst allowing your vet to spot any potential issues much quicker.

Budgeting

You can make great savings on the annual costs of what we call 'preventative maintenance' - all the things that are essential to keep your pet in tip-top condition.

Peace of Mind

A preventative approach also gives you the peace of mind that your pet is getting the best possible health care, helping them to lead a happier, healthier life.

Not Insurance

Pet Health Clubs include the regular things like vaccinations, flea, worm and parasite treatments - the things that pet insurance generally doesn't cover.
